HH Architecture Expands Design Staff

September 8, 2015

RALEIGH, N.C. – HH Architecture, a full-service design firm, announced today that it has hired two new design staff. Laura Keyser, AIA, has been hired as an architect, and Nick Zastrow, Associate AIA, LEED Green Associate, has been hired as architectural intern.

Ms. Keyser joins HH Architecture with a specialty focus on Revit, 3D Building Information Modeling (BIM) software used to more efficiently design buildings. She brings significant experience in architectural design, drawing, and modeling. Ms. Keyser graduated Cum Laude with a Bachelor of Architecture and Bachelor of Science in Environmental Design from Ball State University.

Mr. Zastrow's expertise includes construction documentation, building assembly and material science research. He also brings experience in 3D modeling, free hand sketching, technical development and sustainable building strategies. Mr. Zastrow is an Eagle Scout, has traveled abroad studying architecture of Central Europe and graduated Summa Cum Laude with a Bachelor of Architecture from Virginia Polytechnic Institute and State University.

"Laura and Nick are a great addition to our design team, not just because of the unique perspective of their training and backgrounds, but also because of their expertise in 3D modeling," said Kristen Hess, principal of HH Architecture. "We are continuously looking for opportunities to enhance the skills of our staff and design more efficient spaces for our clients."

About HH Architecture:

HH Architecture is a design firm focused on improving the built environment by creating spaces that promote learning, wellness, and recreation. HH Architecture specializes in projects that integrate energy efficiency and LEED principles. Our foundation is built upon collaboration, enhancing the community, and commitment to design practices that minimize waste and use resources wisely. Visit www.HH-Arch.com
